

Parker Knabb

Broadcast Engineering • AV Infrastructure • Systems Integration

Marietta, GA | (954) 995-2153 | parker@parkerknabb.com | linkedin.com/in/parker-knabb | parkerknabb.com

Open to relocation & travel

EDUCATION

Purdue University | B.S. Computer Engineering, Minor in Communications | GPA 3.2

May 2027

EXPERIENCE

Insurance Institute for Business & Home Safety (IBHS) | Richburg, SC

Broadcast Systems Engineer (Part-time, retained post-internship)

Aug 2026 - Present

- Author system documentation and provide ongoing support for the production system I built as an intern
- Leading deployment of a **Sennheiser Spectera** wideband RF system (replacing Shure MXW) and a **dark-fiber link** carrying 4K SDI and DAD antenna data across campus (in progress)

Broadcast Engineering Intern

May 2026 - Jul 2026

- Redesigned the studio pipeline: moved primary switching from Livestream Studio 6 to a **Blackmagic ATEM**, repurposing OBS as a dedicated graphics and remote-guest engine
- Rebuilt control room rack and wiring; built a **Bitfocus Companion** control layer unifying ATEM, OBS, X32 audio, Sennheiser wireless, and **Sierra Video router** control
- Commissioned the new system for its first live event in **9 weeks** while legacy workflows ran other events
- Audited wiring docs for studio, Master Control, and chamber capture systems; recommended signal-flow fixes

Purdue Esports / Purdue RecWell | West Lafayette, IN

Broadcast Engineering Coordinator (promoted from Technology Specialist, Nov 2024)

Aug 2025 - Present

- Lead a 3-person crew on **5 weekly varsity broadcasts; 41 hours of airtime** in one month
- Designed and maintain an IP-based studio under tight space, budget, and infrastructure limits
- Integrated vMix, OBS, and Companion with **OMT** transport across segmented VLANs; run PXE boot for 22 PCs
- Author and maintain [system and operations documentation](#) for crew onboarding and troubleshooting

Purdue Hall of Music Productions | West Lafayette, IN

Production Staff

Aug 2023 - Present

- Camera grip/utility for **Purdue football and basketball** productions (JVC cameras, Riedel Bolero)
- Camera operator for Purdue Grand Prix, one of HoM's few full multicam live shows each year (2025, 2026)

GoTo Foods, Atlanta, GA | Enterprise IT Infrastructure Intern

May 2025 - Aug 2025

- Deployed enterprise network hardware; automated FinOps and directory tasks in PowerShell/Python
- GeorgiaFIRST Robotics: Peachtree Live | Technical Director & Producer
- Oct 2022 - Apr 2023
- Produced a commentary show for two multi-day events (**2,000+ attendees**); ran and troubleshot the **Studio Technologies Dante intercom**
 - Extended comms to roaming crew phones at zero cost via **Dante Virtual Soundcard** and TeamSpeak

SELECTED SHOW CREDITS

DreamHack Atlanta: Creator Hub	Livestream Technician	2022 & 2026
Disney Lorcana Challenge Indianapolis	Production Assistant	Jun 2026
LEAP EDM Show (student club)	LED Tech (NovaStar, 3 panel types)	Feb 2026
Purdue Varsity Glee Club tour	Audio Engineer (1,000+ audiences)	2026 - 27 season

TECHNICAL SKILLS

Video & Switching: Blackmagic ATEM, Ross & Blackmagic switchers, Sierra Video routing, SDI, NovaStar processors

Cameras: Blackmagic Studio Camera 6K Pro, Micro Studio Camera 4K G2; Hitachi, JVC studio cameras

Intercom: Studio Technologies Dante (configuration); Clear-Com, Riedel Bolero, Green-GO (operation)

Audio & RF: Sennheiser Spectera & wireless, Dante / AES67, AES50, X32 / M32, Yamaha consoles

Transport & Networking: Fiber transmission, NDI, OMT, SRT, VLAN segmentation, PXE, Linux

Software & Code: Bitfocus Companion, vMix, OBS, NovaLCT; Python, PowerShell, C/C++, SystemVerilog
